

March Challenge Activities

All challenge activities are optional. Try one or try them all!

Return the calendar and any work completed at the end of the month to earn extra homework credit.

| Math | ELA | Science/SS |
|--|--|---|
| Look for some coins or dollars around your house. Make a chart to show which Presidents appear on the coins or dollars you found. | March 17th is St. Patrick's Day. Write an acrostic poem using the word LEPRECHAUN or GREEN. Try to make each sentence about St. Patrick's Day. You might need to do a little bit of research about the holiday first! | March is YOUTH ART MONTH. Create a work of art and bring it into the classroom to share with your friends. |
| Keep track of the high and low temperature every day for a week. Find the range in the daily temperature by subtracting the low temperature from the high temperature. Make a table to share your results. | Write your own Pourquoi story. Create a story to tell why something happens in nature. **Pourquoi stories are folktales that explain an event in nature such as: Why the zebra has stripes, or How the leopard got his spots. | Check out sheppardsoftware.com and play some of the world geography games. Make sure to have a parent's permission before going to any website. |
| Try the website http://www.aplusclick.com/grade2.htm . Click on any box and solve the problems you find. | Tomie dePaola is a very familiar author to us. Visit his website, www.tomie.com to find out more about one of our favorite authors. | We are studying world landmarks. Research at least four different landmarks around the world. Find the height of these landmarks. Put the landmarks in order from highest to lowest. Make a chart or draw a picture to show your results. |
