

May/June Challenge Activities

All challenge activities are optional. Try one or try them all!

Return the calendar and any work completed at the end of the month to earn extra homework credit.

Math	ELA	Science/SS
Find examples of arrays in real life. Take pictures or draw examples of different arrays around your home or neighborhood. Bring them in to school to share with your class. Example: windows, egg cartons, shelves	Showcase a special talent that you have. If you can sing, dance, draw, paint or have another special talent that you would like to share, plan a day with your teacher to share your talent with our class.	Memorial Day is May 25th and Flag Day is June 14th. Do you know why either of these holidays were created? Write a paragraph about either of these holidays to teach your classmates about these patriotic holidays.
Measurement Hunt Look for different items in your house that are labeled with different units of measurement. How many different units can you find? You can use units of length, weight, volume, time, temperature, etc.	Do something special for a family member this month. Make breakfast, clean up, or make a special craft or card for a parent or other family member. Write a short paragraph to tell what you did and how it made you feel.	Visit a local landmark. Find a landmark in the town of Hanover or our local area. Have your picture taken near the landmark. Write a short report on the history or interesting facts about your landmark.
Go on a shape hunt around your house or neighborhood. Look for 2D and 3D shapes. Take photos and print them or draw pictures to bring in and share with our class. Label the pictures with the correct shape.	Learn about sign language. We will read a story about a boy who communicates using sign language. Learn five different signs for everyday objects. Teach your classmates the signs you learned. http://www.lifeprint.com/asl101/pages-layout/concepts.htm	Go to sheppardsoftware.com and try some of the animal games. Use the knowledge you have from studying different animals in our classroom.
